

# Winky's Foreign Trade Information Collection and Background Explanation

Recipient,

It is with great pleasure that I present to you this document detailing my foreign trade information collection and background. I am Winky, and I would like to share with you the information and business records of Winky Electronics Co.,Ltd., where I formerly worked.

## I. Company Basic Information

**Company Name:** Winky Electronics Co.,Ltd.

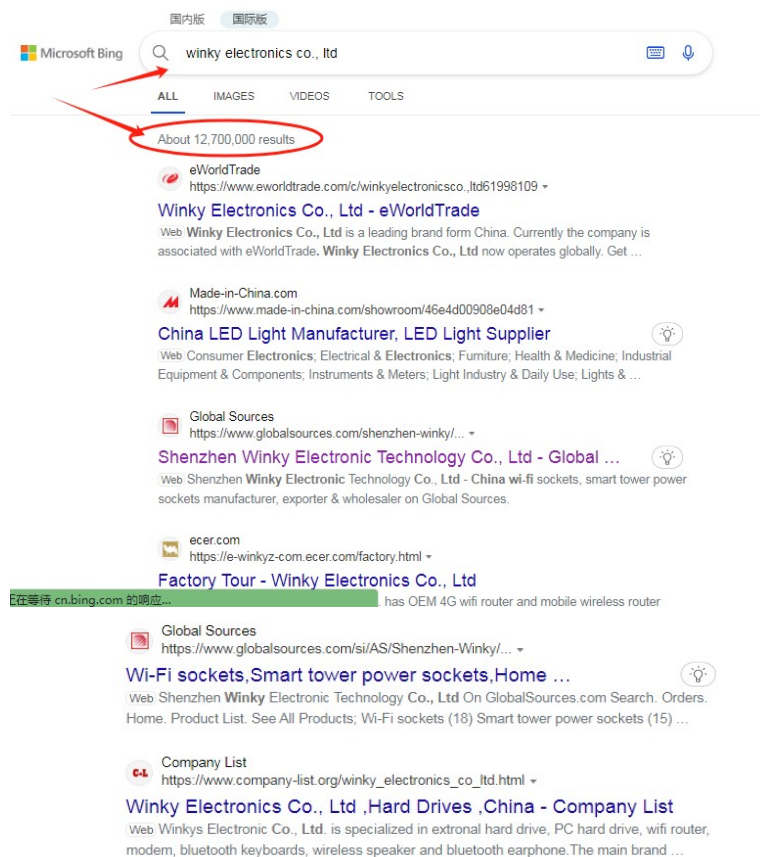

**Website Domain Names:** www.e-winkyz.com and www.e-winkyzg.com (both expired and no longer renewed prior to March 2023)

**ECER Paid Platform:** https://e-winkyz-com.ecer.com/ and https://e-winkyzg-com.ecer.com/ (both successfully cancelled on May 7, 2024)

**Alibaba Related Platform:** The AliExpress store was closed around 2017, and the Alibaba platform account was discontinued around 2018.

## II. Business Promotion and Operation Records

**Online Promotion Traces:** You can search for the company name Winky Electronics Co.,Ltd. on Google or Bing to view the promotion records and business display pages. These pages reflect the online promotion work I was responsible for. The screenshots were saved before January 10, 2024. Although the official website is no longer accessible, this information can indirectly show the company's online exposure at that time.

**Related Corporate Web Pages:** The following website was successfully cancelled on May 7, 2024: <https://e-winkyzg-com.ecer.com/>. Due to the expiration and non-renewal of the official website domain in March 2023, the corporate email is no longer functional. As this platform's ID was registered with the corporate email, it cannot be logged into and has ceased operation.

好像不是包装盒上写的频段都有

Linda华为4G随身Wi-Fi流量卡 08-31 09:26:33  
嗯，那个不用看，看第二张图片的频段就可以了，那个之前是工厂给客户做的可选频段，后来出货都是按第三张图片的来做的。除非定做

今天估计确认不到。可能要下周看能不能确认到。现在手上好像都没华为logo的了。我手上具体还有多少个还不太清楚但是肯定没有300个。大概在100个左右吧我不太记得了

W. 03-05 17:21:10  
嗯嗯，你看下怎样可以帮忙确认到，我下周二再找你。😊

W. 03-10 08:27:14  
客人最后确定要100个E5573bs-322 华为logo的和20个E5573的原装电池，我大概3月13日或16日收到款，等确认收到了我就当天联系你，安排去货，谢谢。

W. 03-10 08:29:24  
你写下100个E5573bs-322 和 20个 电池的价格给我

W. 03-10 08:36:03  
单价和总价都写下，方便付款记录  
（等你平安回深圳后再补写给我😊）

### IV. Company Closure and Succession

When the company decides to close, I took a responsible attitude toward our clients and suppliers. I communicated with other trading companies who dealing in similar products, informing them of the company's upcoming closure and sharing information of reliable companies with our clients to ensure a smooth transition for their future business. Meanwhile, I expressed my sincere gratitude to our long-term suppliers.

### V. Personal Foreign Trade Skills and Achievements

During my tenure as a foreign trade manager, I took the lead in product category planning, selection, platform operation, and marketing strategy formulation and execution. I managed the company's official website, B2B and B2C foreign trade platforms, and successfully tapped into markets in Oceania, the US, and other regions. By integrating SEO, social media matrices (Facebook, X, Ins, LinkedIn, etc.) and official website operations, I drove a 50% increase in website traffic and a 10% rise in effective inquiry rates.

In terms of supply chain management, I stayed ahead of customer purchasing habits, keeping in close contact with suppliers regarding stock availability. I optimized the procurement process, selected stable and high-quality suppliers and reliable logistics firms. This approach maintained a 90%+ on-time delivery rate, cut operational costs significantly, and achieved a 95% customer satisfaction rate.

## **VI. Future Prospects**

Although Winky Electronics has closed its doors, the skills and experience I gained there remain very much alive. I'm ready to channel that know-how into fresh opportunities in international trade and marketing—delivering practical, high-impact solutions that add real value for businesses and clients alike.

Good to know you and thanks for your time!

Best Regards,

Winky zeng
